

# Hearing Screening Follow-Up Process

# Hearing Screening & Diagnostic Assessment Resources

For assistance in locating the nearest hearing screening provider for the infant, please contact the Iowa Family Support Network at 1-888-IAKIDS1 (1-888-425-4371).

## Diagnostic Centers

The centers listed below offer diagnostic services for infants and toddlers who have, or are suspected of having, hearing loss. Please refer any infant that did not pass their outpatient hearing screen immediately to one of the centers below for diagnosis. An early referral will decrease the chances of the infant needing sedation, ensure timely diagnosis and enrollment in early intervention and family support and more importantly, decrease parent worry while they await a final diagnosis.
